

## CAR AND BIKE TESTER 3303

### FEATURES

- Voltage Tester for cars, trucks, motorcycles and bikes
- Sliding function with sharp test tip
- Easy measuring of cable through the insulation
- Small dimensions, very compact
- Display with 5 LEDs
- Polarity Indication
- Second cable end with Crocodile clips
- 2 test tips

### SCOPE OF SUPPLY

- 1 pc Car and Bike Tester
- 1 pc instruction Manual
- 1 pc Carton Packaging

### TECHNICAL DATA

Model	3303
Display	5 LEDs (-5, +5, +12, +24, +48)
Voltage range	5...48V AC/DC
Polarity Indication	Automatic
Frequency range	0...65 Hz
Input current	< 10 mA
In compliance with	EN 61010-1, EN 61326
Certification	CE
Batteries	not required
Length of cable	approx. 1 m
Dimensions	approx. 122 x 22 x 17 mm
Weight	approx. 50 g
